

# Portrait Photography

Simple Classic Elegance

# Portrait Styles

We offer three different portrait styles :

## **Nero.**

A dramatic style, empathizing character. Always presented in Black & White.

## **Tempo.**

A contemporary classic. Clean white background, Black & White or Colour.

## **Pastels.**

Soft, muted colours with a painterly touch. A work of art.

# The Session

Allow about one hour for a studio Portrait session.

We shoot tethered to a computer, so you may view the photographs as they are taken. Afterwards, your favourite photographs can be chosen on the spot or we can make an appointment for you to view your images in our studio at a later time if required.

What you wear is important; simple attire, without strong patterns or logos generally works best.

# NERO Concept

**Nero.** Fine-art Black & White only. This dramatic style of portraiture overflows with emotion. Sober expressions produce the best Nero images. Suggested clothing is dark, without any distracting patterns or logos, in order to maximize the impact of the portrait. When viewed, your eyes are drawn to the faces of those you love.

'Nero' Portraits can be photographed in the clients own home or in our Wicklow Studio.

# Tempo Concept

**Tempo.** 'Tempo' Portraits are photographed in our Wicklow Studio. This light and exciting modern style is well suited to family groups and individual portraits. The images reveal character in uncluttered simplicity. Faces are captured with the greatest clarity. Happy expressions and smiles work best with this style. Clothing choices are kept simple and light by design to maximize the impact of the photograph. This classy style of portraiture can be presented in Colour and Black & White.

# Pastels Concept

**Pastels.** Soft, muted colours and textures depict a warm, painterly touch. Engaging expressions, with emphasis on the eyes is the idea behind 'Pastels'. Headgear that directs attention to the face, is encouraged. We ask you to choose clothing that is light or with harmonious colours to allow the impact of the image to shine through.

This enduring style of portraiture is printed only in Colour.

Photography can take place in our Wicklow Studio or in an outdoor location.

# The Collection

A Portrait creation fee is only **€75** in our studio in Wicklow or **€150** in your own home. This includes a photography session of about forty minutes and the time spent selecting your favourite photographs.. There is no minimum order requirement. Whatever you do order, all our images are printed in on high quality Kodak Paper, in Colour or Black & White and elegantly mounted in a high quality Black or Natural ash frame. Or presented as a Canvas wrap. If you desire to purchase a selection of images on disk for printing yourself, the cost is €150 for full size JPEG files.
